## V. Land and Property Management

- 1) The right-of-way of highways in charged by the Bureau, national land accounts for 7,523.22 ha. in 2007. With the book entry of the land approved for acquisition, appropriation, and purchase and those transferred by Taiwan Area National Expressway Engineering Bureau in 2008, the total land area has become 8,215.34 ha. Of which Freeway No. 2 increases 0.102159 ha., Freeway No. 3 415.442628 ha., Freeway No. 4 70.197120 ha., Freeway No. 5 121.934160 ha., Freeway No.8 34.7062 ha., and Freeway No.10 is 49.738582 ha.

### Statistics and Percentage of Freeway Land Area in 2008

Item	Area (ha.)
Freeway No.1	3,004.75
Freeway No.2	84.69
Freeway No.3	4,396.45
Freeway No.4	171.40
Freeway No.5	280.43
Freeway No.8	119.32
Freeway No.10	158.30
<b>Total</b>	<b>8,215.34</b>

2) Road assets of National Freeway Fund amounts to 549.5 billion NTD, detailed as follow:

Item	Amount (NT 100 million)	Proportion
Land	2,204	40.11 %
Land Improvement	2,683	48.83 %
House, Building and Equipment	99	1.80 %
Machinery and Equipment	36	0.65 %
Traffic and Transportation Equipment	467	8.50 %
Other Equipment	6	0.11 %
<b>Total</b>	<b>5,495</b>	<b>100%</b>

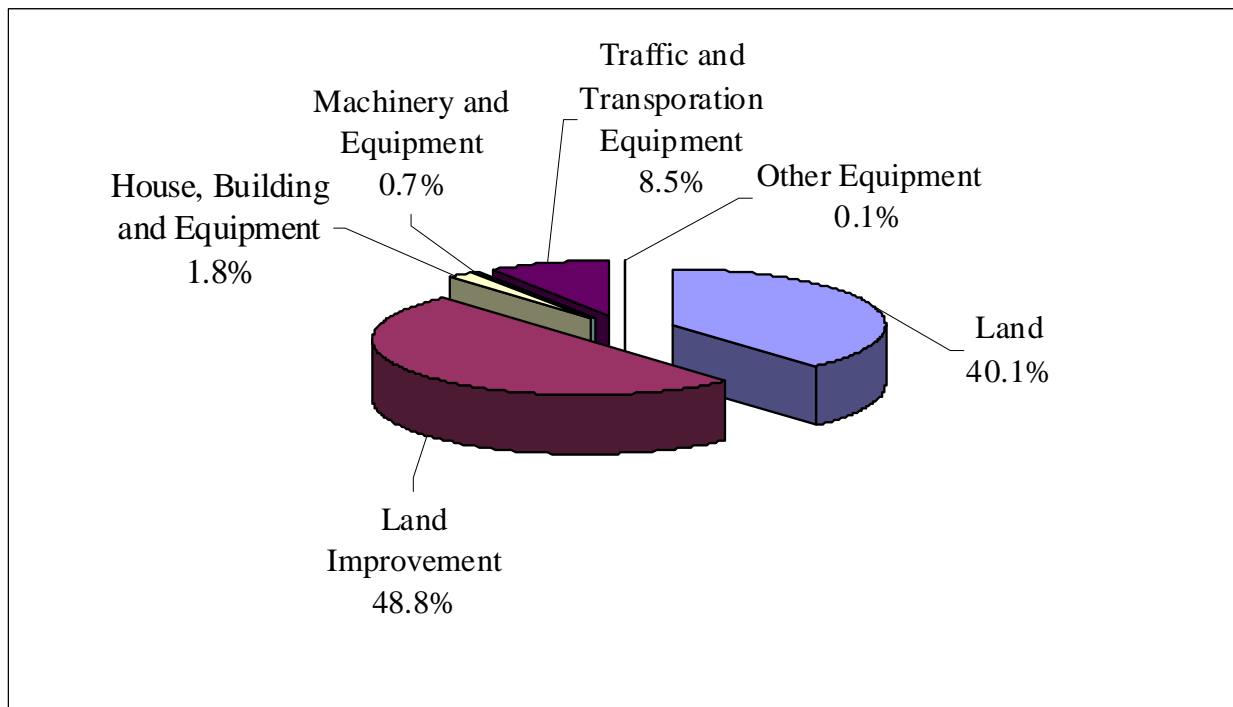

Chart of the proportion of road assets of Freeway Construction and Management Fund

3) The land under the viaducts of freeways can be planned and used by regional governments on the premise that freeway driving safety, bridge structure safety, structure inspections and maintenance and environmental hygiene are not hindered, no buildings are built and no combustible and hazardous articles are stored. After being approved of their planning of the land utilization, local governments may contract the land, and work on tendering lease so as to collect utilization fee. In addition, if the “Principles for Free Utilization of National Property in Public Use” is applicable, the land can be used freely by government agencies and school. By the end of December 2008, 127 places have been contracted for utilization and their classification is as follows:

Purpose \ Item	Freeway No.1	Freeway No.3	Freeway No.4	Freeway No.5	Freeway No.10	Sub-total
Impound lot	2	2				4
Parking lot	6	14	6		1	27
Activity site		21	5	1		27
Athlete field		5	2			7
Market		2	1			3
Transmitting station	1					1
Seawage treatment				1		1
Water Storage tanks	1			2		3
Water pumping equipment	1	1				2
Recycling site		16	1	3		20
Materials storage warehouse	6	15	10			31
Engineering office		1				1
<b>Sub-total</b>	<b>17</b>	<b>77</b>	<b>25</b>	<b>7</b>	<b>1</b>	<b>127</b>

Parking lots (available for rent) under National Freeway No. 2  
12k+162~12k+600 elevated bridge

National Freeway No. 3 52k+200~240 garbage truck parking  
between the bridge piers.

4)The national freeway interchange, road side slopes and under elevated bridge scenic garden adoptions are available for adoption to the public. Public and private organizations are encouraged to participate in the adoption of scenes alongside the national freeway. This not only improves freeway scenery, the incentive also increased public space and improve local living environmental standards. Currently there are 23 units adopting sites including Formosa Petrochemicals Corporation.

Longtan Township Office adopted National Freeway No. 3 Longtan Interchange

Miaoli County government adopted National Freeway No. 3  
Yuanli Interchange channelization island.
